

Internal Orientation Program-2024 Faculty of Commerce and Management Studies-FCMS University of Kelaniya

Selection Criteria; Business Management Mainstream 2022/2023 Academic Year

**Dr. Anura Karunaratne
Senior Lecturer,
Department of Accountancy
Faculty of Commerce and Management Studies
University of Kelaniya.**

Students Intake of FCMS 2022/2023- Academic Year

❖ Business Management Honors Degree- Mainstream	581
❖ Business Management Honors in Financial Engineering	71
❖ Business Management Honors in Accounting Information System	44
❖ Bachelor of Commerce Honors Degree	<u>269</u>
Total	<u>965</u>

Business Management Honors Degree – Mainstream - 581

1. Bachelor of Business Management Honors in Human Resource	150
2. Bachelor of Business Management Honors in Marketing/Digital	150
3. Bachelor of Business Management Honors in Accountancy	130
4. Bachelor of Business Management Honors in Auditing and Forensic Accounting	50
5. Bachelor of Business Management Honors in Finance	80
6. Bachelor of Business Management Honors in Banking	30
7. Bachelor of Business Management Honors in Insurance	<u>30</u>
Total no. of Vacancies for Bachelor of Business Management Mainstream	<u>620</u>

A hand holding a blue pen is positioned over a document. A large white circle highlights a portion of the document. The text is overlaid on this image.

Separate Application Form.....
All Students Should State Their Preference
Order / Rank.....1 to 7

A separate session for filling the
application form.....

Key Selection Criteria

- **Student's Preference**
- **Z-Score**
- **District**

Selection Criteria for Bachelor of Business Management (Honors) Degree Programmes - 620

1. **Students 'Preference** as mentioned in the given applications (Students who do not apply for a particular course will be allocated to a course based on the existing vacancies after the main selection process)

2. **If students apply for a particular course more than the stated vacancies,**

Merit Basis (Grade “A” for the Key Subject if any)

40%

District Basis (District Quota and District Rank based on the Z-Score)

60%

❖ **If you wish to select for Bachelor of Business Management Honours Degree in Accountancy or Auditing & Forensic Accounting Honours Degree programme, students should have at least “B” or better grade for Accounting subject in GCE(A/L) Examination.**

Students Selection Process

If

No. of students applying for each programme
=
Allocated no. of Vacancies

Hypothetical Example-01

Degree Programmes	1 st Preference for each Programme	Allocated Vacancies
A	150	150
B	150	150
C	130	130
D	50	50
E	80	80
F	30	30
G	30	30
Total	620	620

Selection Criteria for Bachelor of Business Management Honors Degree Programmes

620

❖ **If students' preferences **do not agree** with the given vacancies of each degree programme ???**

Hypothetical Example-02

Degree Programmes	1st Preference for each programme	Allocated Vacancies
A	204	150
B	140	150
C	120	130
D	45	50
E	65	80
F	26	30
G	20	30
Total	620	620

Selection Criteria for Bachelor of Business Management (Honors) Degree Programmes - 620

1. **Students 'Preference** as mentioned in the given applications (Students who do not apply for a particular course will be allocated to a course based on the existing vacancies after the main selection process)

2. **If students apply for a particular course more than the stated vacancies,**

Merit Basis (Grade “A” for the Key Subject if any)

40%

District Basis (District Quota and District Rank based on the Z-Score)

60%

❖ **If you wish to select for Bachelor of Business Management Honours Degree in Accountancy or Auditing & Forensic Accounting Honours Degree programme students should have at least “B” or better grade for Accounting subject in GCE(A/L) Examination.**

Students Selection Process

1st Step: Consider the students' preferences/choices,

If students' preferences do not agree with the given vacancies of each degree programme **(Go to the next step).**

2nd Step: Rank students who were given **1st choice** for the said programme as per their Z-score.

3rd Step: Select **40%** of students on a merit basis.

Rank students based on their Z-score and Identify the first 40% of students as merit basis students for the programme.

4th Step: Remaining students should be **rearranged into the relevant district**, and they should be **ranked based on their Z-score**,

- ❖ Prepare the **district quota based on the available vacancies and no. of students who applied from each district.**
- ❖ Next, select **60%** of students **based on the district quota for each district.**

Students Selection Process

1st Step:

Consider the students' preferences /choices

2nd Step:

Rank students based on Z-score

3rd Step:

Select 40% of students on a merit basis.

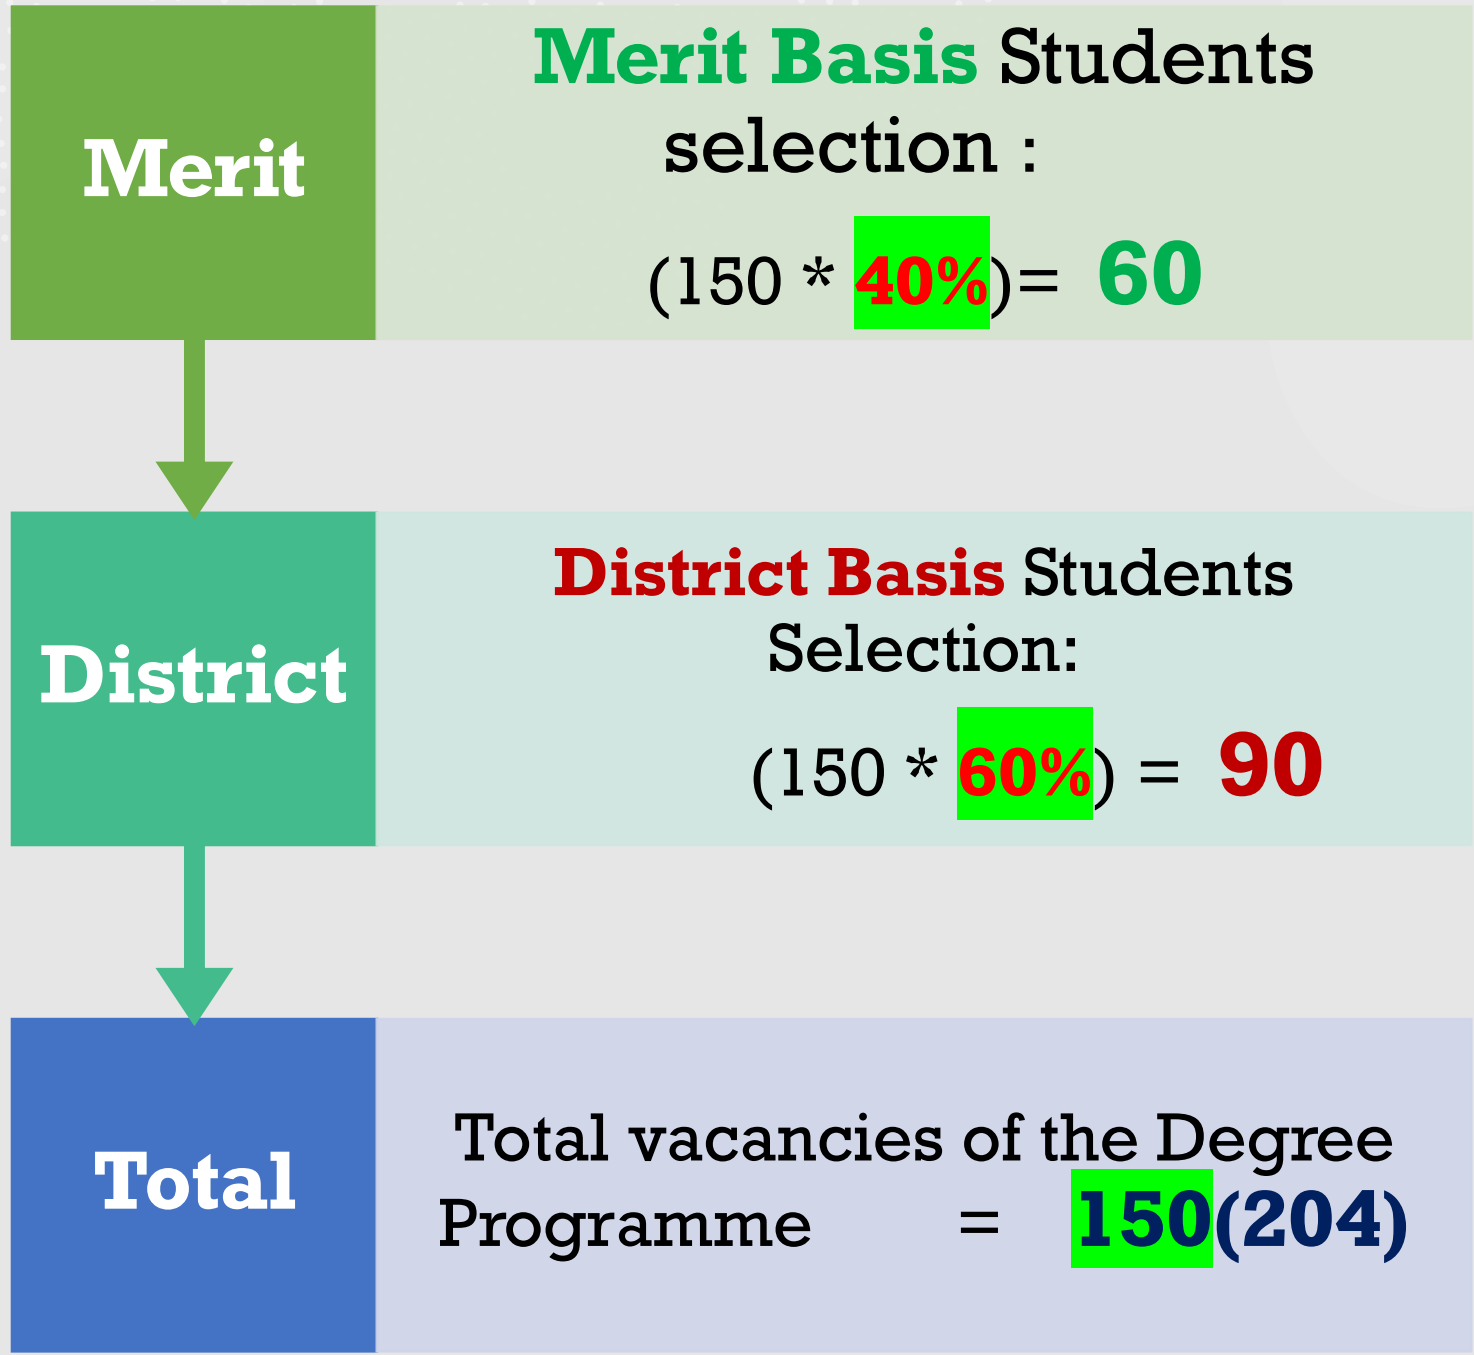

4th Step:

The remaining students should be rearranged into the relevant district & Rank them based on Z-score (Select 60% of students on a district basis as per the district quota)

**Hypothetical
Example-02**

Degree Programmes	1st Preference for each programme	Allocated Vacancies
A	204	150
B	140	150
C	120	130
D	45	50
E	65	80
F	26	30
G	20	30
Total	620	620

The first step is to divide vacancies for a particular program into two categories as Merit basis(40%) and district basis(60%).
(Assume that the total vacancies for Programme - A is 150)

Merit Basis Students Selection

(60)

1. Rank all students who were given the first choice to the degree programme – **A** (irrespective of the respective district)

2. Select the first **60(Merit-40%)** students from the ranked list based on the Z-score

Merit Basis Students Selection (60)-40%

District Rank Based on Z-Score- 2022/2023

A nighttime aerial view of a city, likely Colombo, Sri Lanka. The image shows a complex multi-level highway interchange with several lanes of traffic, illuminated by streetlights. In the background, a dense cluster of skyscrapers is visible, many of which are brightly lit with various colors like blue, green, and yellow. The sky is dark, and the overall scene is a vibrant display of urban architecture and infrastructure.

An aerial photograph of a densely packed residential neighborhood. The houses are primarily two-story brick structures with grey asphalt roofs. The roofs are arranged in a somewhat regular pattern, creating a textured, repetitive pattern of brown and grey. Some houses have white garage doors, and there are small trees and greenery interspersed between the buildings. The overall scene is a typical suburban or urban housing development.

A scenic landscape of the Matara District. A gravel road leads from the foreground into a valley. On the right, a white church with a gabled roof stands on a grassy rise. In the distance, rolling hills and a small village are visible under a dramatic, cloudy sky. The text "Matara District" is overlaid in the center in a large, white, sans-serif font, with a white brushstroke underline beneath it.

Nuwara-Eliya District

The image captures a panoramic view of the Nuwara-Eliya District, showcasing its iconic terraced tea plantations. The foreground and middle ground are dominated by lush green tea fields that follow the contours of rolling hills. A small cluster of buildings, likely a village, is visible in the mid-ground on the left. The background features a range of misty, layered mountains under a clear blue sky with wispy clouds. The overall scene is bathed in soft, natural light, highlighting the vibrant green of the tea leaves and the serene atmosphere of the high-altitude landscape.

An aerial photograph of terraced rice fields in the Polonnaruwa District, Sri Lanka. The fields are arranged in a series of concentric, wavy terraces that follow the contours of the land. The rice is in a lush green stage, and the terraces are separated by narrow, dark paths or ditches. The overall pattern is highly rhythmic and geometric, creating a striking visual texture. The background is a soft, hazy white, suggesting a bright sky or a light flare.

A scenic view of terraced rice fields in Badulla District, Sri Lanka. The terraces are lush green and arranged in a series of steps up a hillside. A small wooden hut with a blue roof is situated on one of the terraces. The background is a misty, hazy landscape with more hills and trees. The text "Badulla District" is overlaid in the center in a large, white, serif font.

An aerial photograph of a dense urban residential district, likely in Mumbai, India. The image shows several tall, multi-story apartment buildings with a repetitive architectural style. Each building has a grid of windows and balconies. Many balconies are enclosed with glass or have green curtains, creating a vibrant, textured facade. The buildings are packed closely together, with narrow alleyways and construction sites visible between them. The overall color palette is dominated by the teal and brown tones of the buildings, with some yellow construction equipment visible in the lower sections. A small yellow horizontal line is located in the upper left corner of the image.
